

**California Institute of Technology
and Education Spectrum
Present:**

EYE CONTACT

UNDERSTANDING DIFFICULTIES IN SOCIAL BEHAVIOR

Join us for an informative overview of the Caltech Autism and Asperger Syndrome Research Program. Ralph Adolphs, Ph.D., Bren Professor of Psychology and Neuroscience will describe fascinating studies of the cognitive and emotional aspects of adults with Autism Spectrum Disorders. Laurie Stephens, Ph.D., Clinical Director of Education Spectrum will then join Dr. Adolphs for a dynamic discussion about eye contact, brain function, and practical data.

The Details
