Danny's Farm was created in 2007 to fulfill the growing need of providing employment and volunteer opportunities to teenagers and adults with developmental and/or physical disabilities.

Located in the foothills of Altadena, Danny's Farm is a safe, nurturing environment to bring together darling farm animals with persons with disabilities. The Farm is open to the general public, but especially designed to serve the disabled population.

By becoming a member of Danny's Farm, your contribution provides much-needed funds to care for the animals and serve the children in our community. We are grateful for your support!

Join by September 1, 2008 and become a Founding Member
